Evil Ever After Reformed cannibal, Bernie Grisso (Randal Malone) re-discovers his appetite after being used as a pawn in a malicious game started by his Neighbour Ashley, her rotten group of friends and two sadistic cops. Armed with his legendary family's sword and a ravenous midget guardian, Grisso sets out to teach his tormentors a lesson they won't live to forget. Joe Bob Briggs, Brinke Stevens, Felissa Rose and Julie Strain join the cast in this ultimate fairy-tale shocker..... Contains strong violence and nudity. **\$15 U.S.**

Dark Paradox Dark Paradox follows a writer's unwitting discovery of the history and secret efforts of a cult in Victoria, Canada that has been engaged in a 60 year effort to open a portal between our world and another, letting in a host of vicious interdimensional beings. The city of Victoria was rumoured in the 1980's to be the second worldwide "capital of Satanism" after Geneva, Switzerland. Dark Paradox explores the idea that this myth was not only partially true but also partially inaccurate in suggesting the cult activity was "Satanic" when in fact it was based on the worship of ancient extraterrestrial "elder gods" in the vein of HP Lovecraft's fiction. **\$15 U.S.**

Meat Market 3 A young couple attempt to reach a rescue station when the dead return to life seeking sustenance..... low on food, water and deprived of sleep their grasp on sanity begins to slip away. Fighting not only with the re-animated dead but with their own minds and bodies, hallucinating and slipping in and out of consciousness in their last desperate efforts to survive..... **\$15 U.S.**
